Washington, DC 20515

The Honorable Rosa Delauro
Ranking Member
House Appropriations Committee
2413 Rayburn
Washington, DC 20515

Dear Chairman Granger and Ranking Member DeLauro:

I am requesting funding for the Elsinore Addition Water System Improvements project in fiscal year 2024. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding would be used for removing a decades-old and inadequate, or undersized water distribution system that services a residential area in unincorporated Sevier County and installing modern mainline pipe system along the frontage of the homes (now in the back) along with water meters using proper service lines between the mains and the homes.

The project is an appropriate use of taxpayer funds because it will remove and inadequate and unhealthy water system and replace it with a system that meets water quality standards and fire protection requirements.

The project has a federal nexus because the funding provided is for purposes authorized by section 595 of the Water Resources Development Act of 1999 (Public Law 106-53).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Chris Stewart
Member of Congress
